By gsholman
This is just what I was looking for some basic direction on handling paperwork on a job site. There are several different methods to accomplish site management this gives a good general view with emphasis on documentation and contracts. I look forward to studying this further. I was looking for some help in training superintendents this will be an asset in this process.

Complete Any Construction Job On Time, within Budget, and According to Specifications
Turn to the updated Second Edition of Construction Superintendent's Operations Manual for step-by-step guidance on managing every aspect of complex construction jobs. From handling construction contracts to managing construction components and technology, this hands-on resource will help you ensure that projects are completed on time, within budget, and according to specifications.
